

ACCESS TO PUBLIC RECORDS

***Note: the stricken language will be incorporated into a new administrative regulation.*
The Monterey County Board of Education (County Board) recognizes the right of citizens to have access to public records of the Monterey County Office of Education (MCOE). MCOE shall provide any person reasonable access to the MCOE public records during normal business hours and within the requirements of law. Public access shall not be given to records listed as exempt from public disclosure in the California Public Records Act and other state or federal law.

"Public records" includes any writing containing information relating to the conduct of the public's business prepared, owned, used or retained by any state or local agency regardless of physical form or characteristics.

In response to a public records request, the law requires the Monterey County Superintendent of Schools (County Superintendent) or designee to make reasonable efforts to locate the requested records, including, but not limited to, any electronic communication substantively related to the records.

(cf. 4040 - Employee Use of Technology)

(cf. 9012 - Board Member Electronic Communications)

MCOE may charge for copies of public records or other materials requested by individuals or groups. The charge shall be based on actual costs of duplication, as determined by the County Superintendent or designee and as specified in administrative regulation.

In order to help maintain the security of MCOE records, members of the public granted access shall examine records in the presence of an MCOE staff member.
