Expulsion Appeal Handbook

Introduction

The Monterey County Board of Education ("Board" or "County Board") has prepared this Expulsion Appeal Handbook ("Handbook") to assist expelled pupils and the parent(s) or guardian(s) of expelled pupils in understanding the appeal process and the rights of the pupil. The Handbook constitutes the official procedures adopted by the Board for conducting expulsion appeals. *Particular attention should be paid to issues noted in "italics." These issues have been found confusing to parents filing past appeals.*

The Monterey County Board of Education is committed to an objective review and deliberation of appeals of students expelled from local school districts.

This information should be reviewed in conjunction with the laws on student discipline and expulsion appeals within the *California Education Code, §§48900-48926*. You should also review the school district's policies and administrative procedures for suspension and expulsion. Remember, you are entitled to review the record of the school district's administrative hearing and supporting records or documents. You have the right to consult with and engage the services of an advocate or an attorney.

What is the Purpose of an Appeal Hearing?

The purpose of the appeal hearing is to allow the County Board to listen to testimony as to whether the local school district procedures and the requirements of the California Education Code were followed properly.

The County Board's review of the appeal for legal or procedural errors may result in: (1) upholding the expulsion decision; (2) reversing the decision and returning the pupil to attend the local school district; (3) returning the case to the local school district either to consider additional evidence or to reevaluate the factual findings; or, in rare cases (4) grant a new hearing (a hearing *de novo*) before the County Board.

- Under Education Code §48923, the County Board's authority to remand the matter to the school district for reconsideration or grant a hearing *de novo* is limited to instances where relevant and material evidence was either unavailable at the time of the hearing or was improperly excluded from the school district hearing or evidence supporting required findings exists in the record.

The County Board's deliberation and decision will address only expulsion issues. It will not review or order any change in the pupil's suspension pending expulsion.

Timely Filing of an Appeal

The parent of the expelled pupil may file an appeal with the County Board within thirty (30) calendar days following the decision by the school district's governing board to expel the pupil.

- "Parent" also includes guardian or legal counsel on behalf of the Parent. The pupil may also file an appeal independently of his/her Parents.
- The thirty (30) day period normally starts on the first day after the date the school district's governing board takes action even if notice of the decision is not mailed to the Parent immediately. The appeal must be actually received by the Monterey County Superintendent of Schools within the thirty (30) days, not just mailed. If the deadline is on a Saturday, Sunday or County Office holiday, the appeal may be filed on the next business day.
- Only the governing board of a school district may expel a pupil. The principal of the pupil's school or the superintendent of the school district may only recommend the expulsion to the governing board. A hearing officer or an administrative panel may conduct the expulsion hearing, develop findings of fact, and make a recommendation to the governing board. However, there is no expulsion until the school district's board takes formal action to expel.
- An expulsion or a suspended expulsion (where the pupil is returned to school with conditions of probation) may be appealed. The thirty (30) day time line applies from the initial suspended expulsion decision, not at a later date if the pupil is expelled from violating probation.

What if the Appeal Is Late?

Failure to appeal within the required time will result in denial of your appeal unless you can show "good cause for the late appeal." The explanation of "good cause" must be filed with the appeal. An example of "good cause" would be where the parent appeal is mailed timely, but the parent proves that document was misdirected.

Questions Regarding Filing an Appeal

A Parent considering whether to file an expulsion appeal with the County Board of Education and/or having any questions should contact by telephone, facsimile or mail:

Senior Executive Assistant to the County Superintendent
Monterey County Office of Education
901 Blanco Circle
Salinas, CA 93912-0851
Phone: (831) 755-0303
Fax: (831) 755-6473

The Monterey County Office of Education staff will answer any questions and clarify the procedures outlined in this Handbook. The staff will also contact the administration of the local school district which implemented the expulsion in order to coordinate the processing of the appeal.

Submitting the Expulsion Appeal

The notice of appeal may be submitted in person to:

Monterey County Superintendent of Schools
Monterey County Office of Education
901 Blanco Circle
Salinas, CA 93901

The notice of appeal may be mailed to:

Monterey County Superintendent of Schools
Monterey County Office of Education
P.O. Box 80851
Salinas, CA 93912-0851

What Must be Included in the Expulsion Appeal?

The written notice of appeal must be filed on the "*Expulsion Appeal and Request for Hearing*" form. It is in back of this Handbook (**Addendum B**). *Also required are a transcript of the hearing conducted by the district and other supporting documents.* For details, see the next section.

Who is Responsible to File the Transcript and Supporting Records of the Original Expulsion Process?

A. Parent

The Parent is responsible for requesting the local school district to provide a transcript of the expulsion hearing and a copy of all documents from the first date of suspension.

- At the same time the Parent files the appeal with the County Board, he/she must submit to the expelling school district a written request for a copy of the written transcript of the expulsion hearing and all supporting documents or records. A "Request for Transcript and Supporting Documents" form is in the back of this Handbook (**Addendum C**).
- The Parent shall file a copy of the request for transcript with the County Board at the time of filing the appeal.

The Parent must pay the local school district for the cost of preparing the transcript and copies of supporting documents or records except in one of these situations:

- Where the Parent certifies to the school district that he/she cannot reasonably afford the cost of preparing the transcript because of limited income or exceptional necessary expenses, or both. A "Certification of Inability to Afford Cost of Transcript" form is in the back of this Handbook (**Addendum D**).
- In a case where the County Board reverses the decision of the school district governing board, the County Board shall require that the school district governing board reimburse a Parent who has paid for the cost of preparing the transcript and supporting documents or records.

B. Local School District

The local school district is responsible for preparing an accurate verbatim transcript of the expulsion hearing and copies of all hearing exhibits and all correspondence regarding the suspension and expulsion. This includes documentation reflecting the findings of fact, the recommendation of the panel conducting the hearing and the governing board's action on the recommendation.

- The school district shall prepare two copies of the transcript, supporting documents, and records following receipt of the Parent's written request. The school district shall mail one copy of these documents directly to the County Board with a second copy mailed to the Parent.
- Special Education Records. If the expelled pupil was enrolled in special education (or was afforded the rights of a special education student prior to expulsion), the school district must identify substantiation in the hearing record (or provide additional documentation) that the legally required procedures were completed prior to commencing the expulsion hearing (*e.g.*, compliance with Education Code §48915.5 and related federal law [34 CFR 300.520 – 300.524]).

Where the local school district cannot produce a written transcript of its hearing, the County Board will reverse the decision to expel except upon good cause being shown. The Board may remand the matter in order to produce a record for written transcription. (Under Education Code §48923, the County Board's authority to remand the matter to the school district for reconsideration or grant a hearing *de novo* is limited to instances where relevant and material evidence was either unavailable at the time of the hearing or was improperly excluded from the school district hearing or to adopt required findings where evidence supporting required findings exists in the record.)

Setting a Date for Hearing the Appeal

Once the written transcript of the expulsion hearing and copies of the supporting documents or records have been filed with the County Office of Education, the County Superintendent of Schools will schedule a date for a meeting of the County Board to consider the appeal.

- The County Board will hold a hearing within twenty (20) school days following receipt of the transcript and supporting documents unless the Parent or the district requests a postponement.
- Either the Parent or the local school district may request a postponement by submitting a written request, including the reason, to the County Office of Education at least five (5) calendar days prior to the hearing. The request shall be acted upon by the County Superintendent of Schools within two (2) days after determining whether the request is based upon good cause. Any request for postponement made less than five (5) calendar days prior to the hearing will be considered by the County Board at the hearing. The request will be granted only upon a finding that a compelling reason or an emergency exists.
- Both the Parent and the school district will be sent notice of the hearing date by mail before the hearing. The notice will specify the date, time, and place of the hearing. The County Board generally holds regular meetings on the first and third Wednesdays of each month at the Monterey County Office of Education Board Room, 901 Blanco Circle, Salinas, CA. Expulsion appeals are normally scheduled to begin at 1:00 or 1:30 p.m. The County Board may be required to schedule a

special meeting on a different date to hear the appeal depending upon its regular business.

The hearing will be held in closed session unless the Parent has requested public session in writing filed with the County Office of Education at least five (5) calendar days prior to the hearing date.

Filing Written Arguments Prior to the Hearing

The Parent or a representative may file a written argument or an appeal brief with the County Board. Any written argument must be filed at least ten (10) calendar days prior to the date set for the hearing before the County Board. The Parent must send or deliver a copy of the argument to the school district at the same time.

The school district also has the right to submit a written argument, or a reply brief. The district's initial argument must be filed at least ten (10) calendar days prior to the hearing date. If the Parent files a written argument, the district's response, if any, shall be filed not less than five (5) days prior to the date of the hearing. The district shall also provide the Parent with a copy of its reply argument by personal service or by mailing not later than the date upon which the written argument and/or district's reply argument or brief is filed.

Conducting the Appeal Hearing

A. Closed Session

Expulsion appeals are heard by the County Board in closed session, unless the Parent has requested, an open session hearing in writing, filed with the Monterey County Office of Education at least five (5) calendar days prior to the hearing date. In closed session, only the Parents, any representative, the pupil and representatives of the local school district are permitted in the room with County Board members, County Board legal counsel, and the secretary and recorder to the County Board. In public session, any member of the public may attend the hearing.

B. Hearing Procedure

The County Board President, Superintendent, or designee, will serve as the Hearing Facilitator and will call the hearing to order and describe the hearing procedures. Each person in the room will be asked to identify him or herself for the record. It is anticipated that legal counsel will also be present.

If the Parent (or the Parent's representative) offers "new evidence" as part of the appeal hearing, the County Board will listen to an "offer of proof" and decide whether new evidence should be allowed.

Next, the pupil, the parent or guardian, or a representative of the pupil will present an opening statement and give reasons for requesting the appeal. The speaker will have a specified amount of time (normally ten [10] minutes) to summarize his/her position. During this time, the speaker will also respond to questions from the County Board, if any.

The representative of the school district will be given the opportunity to describe its position and the action(s) taken by the district (normally ten [10] minutes). During that time, the district representative will respond to questions from the County Board, if any.

You will be given additional time to present any rebuttal information to the information presented by the school district and give any closing remarks. The school district will also have additional time for closing and/or response.

Members of the County Board may ask questions to clarify the issues. The County Board may also ask questions of the staff and/or legal counsel if appropriate.

The County Superintendent or County Counsel may, at this time, present any factual information or other consideration not already covered by others present.

It is important here to remember to remain focused upon the four (4) questions over which the County Board has authority to rule. They are:

1. *Whether the governing board acted without or in excess of its jurisdiction?*
2. *Whether there was fair hearing by the school district?*
3. *Whether there was a prejudicial abuse of discretion by the school district in completing the expulsion procedures?*
4. *Whether there is relevant and material evidence, which, in the exercise of reasonable diligence, could not have been produced or which was improperly excluded at the hearing before the governing board?*

The Parent need not be concerned about making a polished presentation, but it is important to prepare the presentation in advance. Having notes or a prepared script may be of great help.

C. Issues Raised by County Board Members

During and after each presentation, members of the County Board of Education may ask questions of the Parent and of the school district's representative(s). County Board members may raise issues during the hearing based upon their own review of the hearing record. The appeal decision may be based upon these issues even if they are not raised by the Parent.

You and the school district representative should review the entire hearing record prior to attending the hearing and be prepared to discuss any issue raised at the appeal.

Legal Issues to Be Considered

In making its decision, the County Board of Education will take into consideration all of the following:

- The County Board *may not* reverse a school district governing board's decision because of technical inadequacies in the hearing process unless it first determines that the error was prejudicial.
- The County Board *may not* consider evidence other than that contained in the record of the proceedings of the school district governing board.
- The County Board of Education *does not* have any authority to modify the expulsion on the basis that the penalty was too harsh for the misconduct.

Basic Legal Issues

The County Board review of the case will consider the following four questions:

1. *Whether the governing board acted without or in excess of its jurisdiction?*
2. *Whether there was fair hearing by the school district?*
3. *Whether there was a prejudicial abuse of discretion by the school district in completing the expulsion procedures?*
4. *Whether there is relevant and material evidence, which, in the exercise of reasonable diligence, could not have been produced or which was improperly excluded at the hearing before the governing board?*

While these questions are phrased in "legal terminology" [based upon Code of Civil Procedure §§1094.5(b) and (c)], there are many factual issues which fall within these questions.

1. *Whether the school district governing board acted within or in excess of its jurisdiction?*

The California Education Code spells out the reasons for which a pupil may be expelled, the timelines that must be met during expulsion proceedings, and that the misconduct must be related to school activities or attendance. If any of the laws on these subjects were not strictly complied with by the local school district, the final action to expel by the district governing board may have been in "excess of its jurisdiction."

For Example:

- Was the offense for which the pupil was expelled one of the "grounds" for expulsion authorized by the state education code or local board rule? A pupil may not be expelled unless the offense is a violation of the *California Education Code* or school rules adopted under Education Code § 35291.5.
- If the expulsion was based on a local board rule, was the rule a reasonable and valid one and not inconsistent with state law?
- Did the situation involve conduct related to a school activity or to school attendance?
- Was the expulsion hearing commenced and a final decision issued within the time limits prescribed by law?

Special Education:

If the pupil receives special education services, the County Board will also consider the following:

- Was there a pre-expulsion hearing of the individual education program

("IEP") team prior to the expulsion hearing [E.C. §48915.5(a)]?

- Was the Parent invited to attend the IEP team meeting [E.C. §48915.5(d)] forty-eight (48) hours prior to the meeting?
- Was it determined during the IEP team meeting that the:
 1. Misconduct was not caused by a manifestation of the pupil's handicap.
 2. Pupil was appropriately placed at the time the misconduct occurred [E.C. §48915.5(h)].
 3. Was the suspension pending the expulsion hearing for more than ten (10) days without either your agreement or order by court [E.C. §§48911(a) through (h) and 48912(a)]?

NOTE: The school district does not have jurisdiction to expel a special education student unless the special education meetings and procedures established by law preceding expulsion have been completed.

2. Whether there was a "fair hearing" before the governing board?

[The word "fair" is a legal term. It does not mean fair in the everyday sense of "fair play" or "fair treatment." The County Board does not have authority to overturn an expulsion because another pupil received a suspension while your pupil was expelled arising from the same incident.]

The school district is required to provide a Parent timely notice of a hearing; allow the Parent to hear and examine all evidence submitted; and provide the Parent a reasonable opportunity to present evidence to deny, explain or mitigate the allegations. [E.C. §§48911(g) and 48918.] Although only the governing board may take action to expel, the board may appoint an administrative panel or hearing officer to hear the case; develop "findings of fact;" and make a recommended decision to the governing board. Thus, an administrative panel or hearing officer may conduct the required fair hearing on behalf of the governing board. A subsequent hearing before the governing board is not required if the expulsion hearing is conducted by an administrative panel or a hearing officer.

For Example:

- Was the pupil denied the right to be represented by an advocate or by legal counsel?
- Was the pupil prohibited from introducing testimony of witnesses on his/her behalf?
- Was the submitted evidence the kind of evidence which reasonable persons are accustomed to rely on in the conduct of serious affairs?

- Was there a failure to introduce any evidence to support the decision to expel?
- Was the pupil or the pupil's representative, if any, given an opportunity to confront and question any witnesses who testified at the hearing except as provided in Education Code §48918(f)?
- Was the Parent adequately advised of his/her rights to fully participate in the hearing?

3. *Whether there was a "prejudicial abuse of discretion" in the hearing [or in the processing of the expulsion]?*

An abuse of discretion (although not necessarily a prejudicial abuse) would be established under any of the following circumstances:

- a. If the school district governing board did not proceed with the expulsion in the manner required by law;

A school district's violation of any statute governing the expulsion process which is not "jurisdictional," may still constitute an abuse of discretion.

For Example:

- Hearing panel member is from same school as pupil [E.C. §48918(d)];
- Failure of governing board to issue subpoena for witness in a timely manner [E.C. §48918(i)];
- Written notice was not forwarded to the parent at least ten (10) days prior to the date of the hearing.[E.C. §48918(b)];
- Governing board issues expulsion decision with no date set to consider readmission of the pupil [E.C. §48916(a)].

- b. If the decision to expel is not supported by the findings prescribed by Education Code §48915;

[Factual Findings] A "finding" must be written in the expulsion decision describing the conduct the pupil engaged in which is a basis for the expulsion. The finding must spell out the facts (where, when, what) sufficiently to verify that the pupil engaged in misconduct. The finding must be based upon evidence provided during the expulsion hearing, not information provided to the panel members or Board members at another time.

For Example:

- (Sufficient detail) John J. brought a knife to school on 9/12/00. John took the knife out of his backpack and showed it to two students during third period class.
- (Not enough detail) John J. violated Education Code §48900(b) by bringing a dangerous weapon to school.

[Additional Findings] The law establishes five types of misconduct for which expulsion is “mandatory” (firearms, brandishing a knife, selling drugs, sexual assault and possession of an explosive) [E.C. §48915(c)]. For all other types of misconduct, the governing board must also find either of the following facts: [E.C. §§48900(k) and 48915(e)(1)].

- (1) Other means of correction are not feasible or have repeatedly failed to bring about proper conduct;

For Example:

- The pupil has previously been warned and later suspended on three different occasions for using profanity toward his teacher in the classroom. These corrections have failed to curb his defiance of valid authority and disruption of the class.

or

- (2) Due to the nature of the violation [misconduct], the presence of the pupil causes a continuing danger to the physical safety of the pupil or others.

The California Attorney General has advised that making this finding involves: (1) a generalized determination based upon the type of misconduct involved (*e.g.*, drinking alcohol on campus); and (2) a connection to the potential future impact on the safety of the pupil or on other pupils [97 Op. Att’y Gen. No. 903]. *In practice, it is very difficult to determine whether the finding is justified because it is based upon conclusion and prediction rather than facts.*

The County Board has the option to return the case to the local district if it determines that the “findings of fact” are inadequate, but that evidence does exist in the record to support proper findings. Upon remand, the local school board would be required to revise the findings of fact consistent with the direction of the County Board. The second decision would be appealable again, but the likelihood of the decision being overturned by the County Board would be smaller. As an example, the County Board might return a case where the school board issued the (wrong) finding listed above and direct the school board to correct the finding.

The rationale is that the error by the school board is a technical one and the evidence supports an expulsion if the technical error is corrected.

- c. If the “findings of fact” made following the hearing are not supported by the evidence.

Misconduct must be proven by substantial evidence offered during the expulsion hearing. Such evidence may consist of documents and other writings; physical objects; testimony by a witness who observed the misconduct; circumstantial evidence; or an admission of the pupil involved. Misconduct may not be proven solely by hearsay evidence, although hearsay may be admitted.

For Example:

The finding that a pupil started a fight was not proven where the only evidence offered at hearing was testimony by the vice principal who said only that he talked to another student who said “James started the fight.”

- d. Abuse of discretion must be “prejudicial.”

The County Board must find that an abuse of discretion was “prejudicial” to the outcome of the expulsion decision in order to overturn a decision. If an error occurred or a statutory requirement was only partially complied with, the violation must have a substantial impact on the process or decision to be “prejudicial.”

For Example:

- The Parent received the notice of hearing two (2) days late, but had plenty of time to prepare for the hearing. The Parent attended the hearing and made no showing that the late notice affected her participation. [Abuse of discretion was not prejudicial.]
- The notice of hearing was sent to the wrong address. The Parent was never notified of the hearing and did not attend. The hearing was held anyway and the student expelled for misconduct. The Parent objected as soon as she learned that the hearing had been held. [The abuse was prejudicial to the right to participate in the hearing.]

4. Whether there is relevant and material evidence which, in the exercise of reasonable diligence, could not have been produced or which was improperly excluded at the hearing before the governing board (or the administrative panel)?

New Evidence

The County Board will hear no “evidence” other than the information that is already contained in the records submitted to be used at the appeal hearing. That information should consist only of witness testimony, written witness statements and documents which were considered at the

original expulsion hearing plus official district records documenting the suspension, correspondence and the appeal documents.

- Examples of “evidence” which may not be raised for the first time: Additional information about the facts surrounding the pupil’s misconduct; the pupil’s prior good behavior; or incidents occurring during the district’s investigation of the misconduct if the information was known or available prior to the original expulsion hearing. The evidence should have been offered at the District hearing rather than a hearing with the County Board.
- Examples of a proper “argument” to introduce at the appeal hearing in support of an issue: “The pupil denied being present when the school property was stolen during the investigation of the incident and during his testimony at the expulsion hearing. (See testimony, page **XXX**, and witness statement, page **YYY** of the hearing transcript.) No other non-hearsay evidence exists in the record to support the finding of fact that he participated in the theft.” All the evidence being referred to in this statement was already presented at the expulsion hearing.

Exception to Considering New Evidence

There is one (1) very limited exception to the County Board not considering new evidence. If the Parent proposes to offer new evidence, the County Board will either allow an explanation of what the new evidence is and what issue it relates to [called an “offer of proof”] or will review the document in question.

The County Board will vote to allow new evidence to be offered only if a majority of the members find that the evidence qualifies as:

- Relevant and material evidence which, in the exercise of reasonable diligence, could not have been produced at the school district expulsion hearing; or
- Relevant and material evidence which was improperly excluded at the school district expulsion hearing; and further, that
- The evidence, if received, would be a significant factor in determining the outcome of an issue in the case over which the County Board has jurisdiction to decide [Education Code §48922].

If the County Board votes to hear new evidence, it may either:

- Remand (send) the matter to the school district governing board for reconsideration, along with such instructions for the County Board may deem necessary; or
- The County Board may order reconsideration of the entire matter or any part thereof. The County Board may order the pupil reinstated pending such reconsideration; or

- Grant a new hearing (a hearing *de novo*) before the County Board of Education upon reasonable notice to all parties and in conformance with regulations of the County Board; or
- In the event that the County Board determines it is neither appropriate to remand the matter to the school district governing board for reconsideration (because the issue is one which the school district could not impartially decide, *e.g.*, “an administrator allegedly told the Parents not to attend the expulsion hearing because it would not make any difference”) or to conduct a new *de novo* hearing (*e.g.*, because the student’s misconduct is not the issue on appeal), the County Board members may vote to allow new “sworn evidence” or documents limited to the issue raised. If the taking of new evidence at the same meeting would be prejudicial to the school district (*e.g.*, because a rebuttal witness is not present at the hearing), the County Board may recess the hearing to a future date to receive evidence relevant to the issue raised.

County Board Deliberation

When the presentations and questioning are completed, the County Board will excuse from the Board Room all present except the County Board, the Board’s legal advisor, the County Superintendent and any necessary staff. No representative of the school district or the Parent will be allowed to attend the deliberations.

The County Board will decide an appeal after: (1) reviewing the expulsion record—the transcript and documents considered at the original expulsion hearing; (2) considering the issues raised by the Parent in the appeal as well as issues apparent from the record itself and the school district’s arguments; and (3) determining which issues it has authority under law to address.

Please keep in mind that the County Board’s charge is to determine if the pupil’s due process rights were violated in a manner which resulted in the pupil’s receiving an unfair hearing. It is the charge of the County Board to ensure that procedures were followed and that a fair hearing was conducted.

County Board Decision

After deliberating, the County Board will reconvene in open session and announce its decision. As the County Board consists of seven (7) members, four (4) affirmative votes are required to reverse an expulsion decision by a local school district governing board. If the County Board enters a decision reversing the school board’s decision, the County Board may direct the school board to expunge the record of the pupil and the records of the district of any references to the expulsion action and the expulsion shall be deemed not to have occurred. If the Parent paid for the hearing transcript, such payment shall be refunded.

Although the County Board must render a written decision within three (3) school days of the hearing, it usually renders its verbal decision on the day of the hearing. The Parent and the governing board of the school district will be notified of the rationale and decision of the County Board, in writing, either by personal service or by certified mail. The order shall become final when rendered.

Appeal of County Board Decision

A final decision by the County Board of Education may be appealed to the Superior Court.

- B. **Notice of Appeal and Record.** If a student is expelled from school, the student may file an appeal to the County Board, which shall hold a hearing thereon and render its decision.
1. *Time Limits for Filing Notice of Appeal.* The appeal shall be filed within 30 days following the decision of the school district governing board to expel the student. The period within which an appeal is to be filed shall be determined from the date the school district governing board votes to expel, even if enforcement of the expulsion action is suspended and the student is placed on probation pursuant to Education Code 48917. A student who fails to appeal the original action of the school district governing board within the prescribed time may not subsequently appeal a decision of the school district governing board to revoke probation and impose the original order of expulsion.
 2. *Contents of Notice of Appeal.* The notice of appeal shall be in writing and delivered to the Monterey County Office of Education (MCOE) by U.S. mail, or in person and shall contain, but need not be limited to, the following information:
 - (a) Name, address, and telephone number of the person filing the notice of appeal.
 - (b) Name, address and date of birth of the expelled student.
 - (c) Grade level in which student was enrolled immediately prior to expulsion.
 - (d) School and school district from which student was expelled.
 - (e) The date the school district governing board voted to expel the student, the effective date of the expulsion, and the length of the expulsion.
 - (f) A brief statement describing the actions, if any, taken by or on behalf of the student to obtain reconsideration of the school district governing board's decision to expel the student, including the date(s) and name(s) of school district personnel contacted and the response(s) of such school district personnel.
 - (g) A brief statement of the reason(s) why the expulsion order should be reversed and the student re-enrolled or other action taken.

3. *Record on Appeal.* The student shall submit a request for a copy of the written transcripts and supporting documents from the school district simultaneously with the filing of the notice of appeal with the County Board.
 - (a) The school district shall provide the student with the transcriptions, supporting documents) , and records within ten school days following the request by the student. The student shall immediately file suitable copies of these records with the County Board.
 - (b) It shall be the responsibility of the student to submit a written transcript for review by the County Board. The cost of the transcript shall be borne by the student except in either of the following situations:
 - (1) Where the student's parent or guardian certifies to the school district that he/she cannot reasonably afford the cost of the transcript because of limited income or exceptional necessary expenses, or both.

In a case in which the County Board reverses the decision of the school district governing board, the County Board shall require that the school district reimburse the student for the cost of such transcription.

4. *Noncompliance.* Failure or refusal of a student to comply with the requirements of Section B shall constitute sufficient grounds for denial of the appeal. (Education Code 48919)
 - (a) If the notice of appeal does not set forth information required by Subsections B-2 and B-3 above, the person filing the notice of appeal shall be so notified in writing and shall be given a reasonable opportunity to submit such supplementary information. Such supplementary information shall be provided in writing within the time limits for filing the notice of appeal (see Section B-1) or within five school days after filing the incomplete notice of appeal, whichever period of time is greater.
5. *Notice to School District.* Within three days after the notice of appeal is filed with the County Board, the County Board shall notify the school district governing board in writing, either by personal service or by certified mail that a notice of appeal has been filed and shall enclose a copy of the notice of appeal and any additional written materials provided by the student in support of the appeal.

- C. **Hearing by County Board of Education.** The County Board shall hold the hearing within 20 school days following the filing of the written notice of appeal, and shall render a decision within three school days of the hearing unless the student or the student's parent/guardian requests a continuance of postponement for good cause shown.

1. *Notice of Hearing.* Written notice of the hearing shall be given, either by personal service or by certified mail, to the student, to the person filing the notice of appeal, and to the school district governing board at least ten days prior to the date of the hearing. The notice shall include: The date, time, and place of hearing; a copy of this policy relating to Student Expulsion Appeals; the opportunity for the student to appear in person or employ and be represented by counsel, the opportunity for the parties to inspect and obtain copies of all documents to be considered at the hearing; and the opportunity for the parties to present oral and written argument pursuant to Section C.3 of this policy.
2. *Manner of Hearing.* The County Board shall hear an appeal of an expulsion order in closed session, unless the student requests in writing, at least five days prior to the date of the hearing, that the hearing be conducted in a public meeting. Upon the timely submission of a request for a student hearing, the County Board shall conduct the hearing in a public meeting. Whether the hearing is conducted in a closed session or a public meeting, the County Board may meet in closed session for the purpose of deliberations. If the County Board admits any representative of the student or the school district, the County Board shall at the same time admit representatives from the opposing party.
3. *Conduct of Hearing.* The hearing shall be conducted as follows:
 - (a) The County Board President or his/her legal substitute shall conduct the hearing expeditiously, but with fairness to all parties.
 - (b) The County Board shall read aloud the notice of appeal filed by or on behalf of the student.
 - (c) The student or his/her designated representative shall present those reasons why the expulsion order should be reversed and such other information as may be pertinent to the issues on appeal before the County Board.
 - (d) The school district shall present those reasons why the expulsion order should be affirmed and such other information as may be pertinent to the issues on appeal before the County Board.
 - (e) The student or his/her designated representative may present additional argument, if desired.
 - (f) The school district may present additional argument, if desired.
 - (g) The County Board may question either party or persons appearing on behalf of either party.

- (h) The hearing will then be closed and the County will commence its deliberations as provided in Section C.2 of this policy.
 - (i) The County Board shall determine the appeal from a student expulsion upon the record of the hearing before the school district governing board, together with such applicable documentation or regulations as may be ordered. No evidence other than that contained in the record of the proceedings of the school district governing board shall be heard unless a de novo proceeding is considered as provided in Section 48923 of the Education Code and Subsection C.5(a)(2) of this policy.
4. *Scope of Review.* The review of the County Board of the decision of the school district governing board to expel the student shall be limited to the following questions: Education Code 48900 et seq, and 48915.
- (a) Whether the school district governing board acted without or in excess of its jurisdiction.

 - (3) A situation involving acts not related to school activity or attendance.
 - (b) Whether there was a fair hearing before the school district governing board.
 - (c) Whether there was a prejudicial abuse of discretion in the hearing. As used herein, an abuse of discretion is established in any of the following situations:
 - (1) If school officials have not met the procedural requirements of Sections 48900 et seq of the Education Code.
 - (2) If the decision to expel the student is not supported by the findings prescribed by Section 48915 of the Education Code.
 - (3) If the findings are not supported by the evidence:

The County Board shall not reverse the decision of the school district governing board to expel the student based upon a finding of an

abuse of discretion unless the County Board also determines that the abuse of discretion was prejudicial.

- (d) Whether there is relevant and material evidence which, in the exercise of reasonable diligence, could not have been produced or which was improperly excluded at the hearing before the school district governing board.
 - (e) If the expulsion appeal is for a Special Education student, the following shall have been done (Education Codes 48915.5 and 48915.6):
 - (1) A comprehensive assessment/evaluation must be conducted in accordance with Section 104.35, Title 34, Code of Federal Regulations. (See Section 56320, Education Code which parallels the CFR Section.)
 - (2) An IEP team inquiry in the relationship between the misconduct and the student's disability and whether the student's academic program and placement were appropriate.
5. *Decision of County Board of Education.* The decision of the County Board shall be limited as follows:
- (a) Where the County Board finds that relevant and material evidence exists which, in the exercise of reasonable diligence, could not have been produced or which was improperly excluded at the hearing before the school district governing board, it may do either of the following:
 - (1) Remand the matter to the school district governing board for reconsideration and may in addition order the student reinstated pending such reconsideration.

Remand an expulsion matter to the governing board of a school district for adoption of required findings if the County Board determines that the decision to expel a student is not supported by the required findings, but evidence supporting those findings exists in the record of the expulsion hearing.
 - (2) Grant a hearing de novo upon reasonable notice thereof to the student and to the school district governing board. The hearing shall be conducted in conformance with the procedures set forth in Section 48919 of the Education Code insofar as is practicable.
 - (b) In all other cases, the County Board shall enter an order either affirming or reversing the decision of the school district governing board. In any case in which the County Board enters a decision reversing the school district governing board, the County Board may direct the school district

governing board to expunge the record of the student and the records of the school district of any references to the expulsion action and such expulsion shall be deemed not to have occurred.

6. *Finality of Decision.* The decision of the County Board shall be final and binding upon the student and upon the school district governing board. The student and the school district governing board shall be notified of the final order of the County Board, in writing, either by personal service or by certified mail. The order shall become final when rendered.
- D. **Record of Appeal.** A record of the student expulsion appeal shall be preserved by the County Board and shall include: all written documents, materials, and regulations submitted either by or on behalf of the student or by the school district; a copy of all notices mailed or personally delivered to the County Board to either or both of the parties to the appeal; and such other written documents and materials deemed necessary by the County Board for a proper disposition of the appeal.
- E. **Definitions.** As used in this policy:
1. County Board includes the Secretary of the County Board, with respect to the performance of ministerial duties prescribed by this policy.
