

## ELD Poster

- MCOE Support – Next Steps of this Cohort
  - Websites – technology resources for sharing resources (ED caliber/Edmodo)
  - Maps – integration – Sylvia’s template
  - MCOE – critical administrative understanding and support
  - ELD Needs – Still scanty support. Bring it to the front. Crucial follow through
  - Content area resources and support
  - Shared lesson samples and videos!
  - Specific doable strategies bank with video clips
  - TOT and modules (grade level strategies) (ELD ELA). Comprehensive. One hour deliverables.
  - Assessment – ELD (Oregon) ELA (Smarter Balance)
  - Video Clips – Homemade call Jordan and Cathy permission
  - Districts to share multiyear approach to roll out ELD/ELA
- 
- Further support: Would be great to pull Monterey County MS/HS teams together to work through long term English Learner programs as they relate to CCSS and new ELD standards too. Think L. Olsen “Secondary School Courses” article. Maybe we could map out units of instruction as Sylvia did for 4<sup>th</sup> grade reading (7 pg. handout). As a district (MPUSD), we are planning to do this for Transitional English MS level, would be great to work together with other EL leaders/teachers from other districts.
  - GUSD needs:  
Support on how to best chunk out content  
Shared lesson bank in Google Drive and video library of lessons being taught  
More samples like SiWias 4<sup>th</sup> grade ELA ELD templates.
  - ELLs need to be made a priority
  - MPUSD – Need maps of ELD standards to CCSS (similar to Tulare crosswalks). VERY IMPORTANT to save time. Sample lesson based on our adopted curriculum or and ELA vs ELD lesson written on not just modded.
  - SUHSD – MCOE support with district administrators understanding the importance/urgency of creating an implementation plan to roll out ELA and ELD next generation standards. A forum for all of us to discuss, share ideas. EL needs in all subject areas.
  - What are districts starting with? The entry points for ELD standards.
  - Classroom demonstrations. Come back to review and see where we are at. CELDT (will the ELD be assessed) correlation.
  - Chualar and King City – Website of sample lessons and video clips. Canned two hour training TOT. Lists of classroom activities for each CCSS ELD standard. Activity bank to support key indicators.
