No Bullying System	The No Bully System® is a step-by-step process and set of interventions to prevent and stop bullying in school and after-school programs. It guides school leaders, teachers and staff through a series of interventions for responding to bullying and harassment, depending on the severity of the incident. When severe or persistent bullying occurs, teachers facilitate Solution Teams®, where the target's peer group and the bully come together to stop the bullying.	The No Bully School Partnership is an integrated series of leadership coaching sessions, staff trainings and a parent workshop in how to implement the No Bully System® and sustain it long-term. This one-year partnership will bring schools in alignment with state and federal anti-bullying mandates.		Anti-Bullying Videos FAQs	Depends on the amount of support provided by No Bullying System. Schools must submit a proposal.	K-12
