

PREPARING FOR THE 2015 SMARTER BALANCED SUMMATIVE ASSESSMENT

Resources: <http://www.cde.ca.gov/ta/tg/ca/>

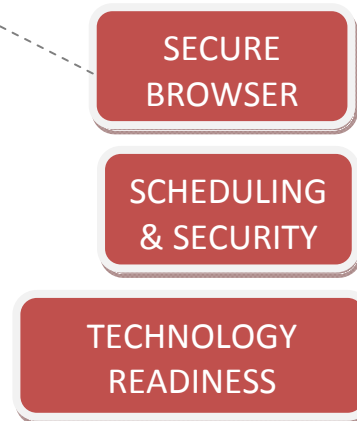

Student Registration and Log In

Student and Teacher Preparation

6. Students log in

1. District and school site staff evaluate site technology readiness; steps are taken to provide each student with the necessary equipment during the summative assessment.
2. District and school site staff work collaboratively to develop the testing schedule, collect all security affidavits, and ensure appropriate test proctoring and technology support.
3. Technology coordinators install and test the Secure Browser on all student testing devices.

Technology and Scheduling

*Early in the year, district and school site educators will want to identify the process to be used to identify appropriate accessibility supports for all students. Resources to support this work are available at the link shown above.
