*Dr. Nancy Kotowski  
County Superintendent of Schools*

District Advisory and Financial Services  
Finance and Business Services

Bulletin No. 13-034

**TO:** District Fiscal Advisors

**FROM:** Karen Hennessy, Director of District Advisory and Escape Project Manager

**DATE:** Monday, March 11, 2013

**RE:** **FY 13-14 Tier III Resource Codes Standardization**

In effort to streamline Tier III resource codes for all districts the Monterey County Office of Education Accounting & Auditing Department will be posting Tier III resource codes to standard Tier III resource codes (see Exhibit A). Please note that your district will be able to move the monies as they wish once they have been posted to the standard Tier III resource codes.

Phase I districts that have not been using the standardized Tier III resource codes will need to get their FY 13-14 account codes translated to reflect this change. The MCOE Accounting & Auditing department created a crosswalk for those districts to translate their current Tier III resource codes to the new Tier III resource codes and will work with the Escape Project Management team to implement the change in Escape. The district will not have to do anything and will be notified prior to when the change gets implemented in Escape.

If LCFF becomes a reality then standardized coding for these categoricals becomes unnecessary.

If you have any questions regarding this change, please feel free to contact me at (831) 755-0376.
