Re: IRS Business Standard Mileage Rate increased to 57.5¢ cents in 2015

The Internal Revenue Service (IRS) has announced that the business standard mileage rate for transportation expenses paid or incurred beginning January 1, 2015, will be 57.5¢ cents per mile. The new rate for business miles is a slight increase from the 2014 mileage rate of .56¢ cents per mile.

This is the rate at which employers can reimburse employees, tax free, for business use of their personal automobiles. If the employee is reimbursed at a higher rate than 57.5¢ cents per mile, only the excess should be noted as income on the employee's W-2. Mileage rates for each school district are set by their Board of Trustees. These rates can be more or less than the tax-free rate that the IRS has set.

For further information concerning the mileage rate, please contact me at (831) 755-0308.
