County Superintendent of Schools

Finance and Business Services

Bulletin No. 16-002

TO: Monterey County District Superintendents and CBOs

FROM: Garry Bousum, Associate Superintendent of Finance and Business Services

DATE: November 30, 2015

RE: Transmitter Control Code for Affordable Care Act reporting

The Affordable Care Act (ACA) of 2010 requires Applicable Large Employers (ALEs, see link provided below for additional details) – those with 50 or more full-time employees in the preceding year – to report information regarding health coverage by filing information returns with the IRS and furnishing statements to full-time employees. Even if the employer is not an ALE the employer data for self-insured health coverage under the ACA is still mandatory to be filed with the IRS. These ACA reporting requirements are new; the first information reporting returns are due in 2016 for the calendar year 2015.

The IRS ACA data must be provided on printed forms 1095 to each eligible employee by the end of January. This same data, along with an additional form 1094, must be filed with the IRS—by the end of February if filed in a paper format; by the end of March if transmitted in electronic format. MCOE will support any Monterey County organization using Escape in printing the forms during January, and for the *electronic filing only*. Organizations using a third party to assist in the preparation of IRS ACA filing will still need a Transmitter Control Code (TCC); however, they should consult with their contracted party on the application specifics.

Each employer reporting for the ACA must apply for a TCC, which is a separate TCC from the one that is used to transmit W-2 data. Each employer – meaning each district, college, and charter school – must have a separate TCC for their ACA transmission. The IRS tutorial on how to apply for the TCC (web address provided below) explains the process in which responsible individuals will set up the various key pieces of data for their organization, including: Employer Identification Number (EIN), Responsible Officials (RO's - at least two contacts should be identified) and Identity Verification Information, along with other pertinent data. The individual(s) completing the application for their employer and verifying that the information is correct will need to register with IRS e-services for which the following information will be required:

- Legal name (verified with IRS & SSA records)
- Social Security Number (verified with SSA records)
- Date of birth (verified with SSA records)
- Telephone number

- E-mail address
- Adjusted Gross Income (AGI) from either your current year or prior year filed tax return
- Username
- Password and PIN. Select your password and PIN.
- Reminder question to recover a forgotten username
- Home mailing address

This critical step of applying for a TCC is included as the first step on MCOE's ACA preparations checklist (attached). Each district, college, and charter school that will use Escape to generate the IRS ACA forms is responsible for completing this process on their own, and then either entering the TCC into Escape, or sending it to MCOE to enter for them. This way, we can ensure that the information provided to the IRS in the application process is accurate.

Each district must have their TCC before MCOE will be able to electronically transmit their ACA forms 1094 and 1095 to the IRS. Considering that the application process may take six to eight weeks to complete IRS processing, we suggest that all organizations complete the application process as soon as possible.

There are some questions during the application process for which the answers may not be immediately apparent. The following are recommended responses to these questions:

- When asked business type, please select **Local Government Agency**
- When asked to identify a role, please select **Issuer**
- When asked what method of transmission, please select **"AFA for ACA Internet Transmitter"** (this method is also known as the ISS UI method)

Below are some related resources to assist you in completing the on-line TCC application process, and on general ACA information:

If you have any questions, please contact Colleen Stanley at (831) 755-0308.

Monterey County District/College/Charter School

Escape Affordable Care Act (ACA) Preparation Checklist

The following steps must be completed by any organization that will be printing IRS 1095 forms and transmitting Affordable Care Act (ACA) via Escape. Monterey County Office of Education (MCOE) will be assisting in this effort (only for those organizations that choose to process this data using Escape), with the following:

- Printing and folding the 1095 forms prior to the end of January 2015
- Filing electronically with the IRS on the organization's behalf prior to March 31, 2015
- Supporting the Escape Online software
- Coordinating with MCSIG to import all dependent data into Escape

Step One – Apply for Affordable Care Act Information Returns (AIR) Transmitter Control Code (TCC)

Under ACA, each employer must have its own AIR Transmitter Control Code (TCC) number. The entire application process can take 6 to 8 weeks, and the code is required to transmit your organization's ACA data to the IRS. Figure 1

- To begin, the organization must register and set up an online e-services account with the IRS.
- Once that has been complete, login to the IRS online e-services account and follow the links to apply for and request an AIR TCC number.
- When asked business type, please select **Local Government Agency**
- When asked to identify a role, please select **Issuer**
- When asked what method of transmission, please select **"AFA for ACA Internet Transmitter"** (this method is also known as the ISS UI method)
- IRS online tutorial (this will guide you through the entire application process and includes direct links to e-services and the TCC application):
http://www.irs.gov/PUP/for_taxpros/software_developers/information_returns/aca_ap_p_tutorial_online.pdf (also included with checklist as Appendix B)
- IRS Help Desk: 866-937-4130

Monterey County District/College/Charter School

Escape Affordable Care Act (ACA) Preparation Checklist

Step Two – Verify All Organization Record Setup

Review the fields in System – Setup – Organization – Section 10 – ACA (see Figure 1)

- ALE stands for Applicable Large Employer – all organizations with 100 or more full-time employees must have Yes for ALE
 - Organizations with fewer than 50 full-time employees are No for ALE
 - Organizations with more than 50 and less than 100 full-time employees are No for ALE during 2016 for transition relief; these employers will be ALE = Yes in future years
- Self-Insured is related to printing part 3 of the 1095 form, for covered individuals (dependents)
 - If the organization is 100% or Majority MCSIG benefits, then select Yes
 - If the organization is 100% or Majority any combination of CVT, CalPERS, or SISC, then select No
- Prepay Benefits relates to beginning dates for employee Benefit Providers
 - If a new hire Benefit Provider begin date in Employee Management is the actual beginning date of their benefit coverage, then select No
 - If a new hire Benefit Provider begin date in Employee Management is one month prior to their coverage beginning date, then select Yes

General Setup	Ledger Setup	Locations	Divisions	Academic Departments	Campuses	JE Appr

Figure 1

Monterey County District/College/Charter School

Escape Affordable Care Act (ACA) Preparation Checklist

Step Three - Verify Addon Setup / Request Changes

Review all current Addons (HR/Payroll – Setup – Payroll – Addons) for ACA setup (see Figure 2, next page)

- All Current Addons that will be included in determining eligibility for full-time status – i.e., that represent any countable time worked – must have Affect ACA Hours set to Yes
- For Addons with Rate1 Option = Hourly: These addons will report hours worked to ACA activities
- For Addons with Rate1 Option = Daily: These addons must have the Hours/Day field defined, or else they will default to count as 8 hours
- For Addons with Rate1 Option = *any other than Hourly or Daily*: These addons must have Number of ACA Hours set to equal the value that will be counted *for each use of the addon regardless of units*
- Note – Hourly and Daily addons **must have** 0.00 in Number of ACA Hours or they will not function properly for ACA (or Healthy Families Act) purposes
- Changes to Affect ACA Hours and Number of ACA Hours can be made by the district (ORGMGR permission required)
- Changes to the Hours/Day field must be made by MCOE – send request via the help desk (helpescape@monterey.k12.ca.us) and specify which Addon(s), what the Hours/Day should be for each, and to what date in the past (if any) it should be effective

Monterey County District/College/Charter School

Escape Affordable Care Act (ACA) Preparation Checklist

Example of Daily Addon with red boxes showing Rate1 Option, Hours/Day, Affect ACA Hours, and Number of ACA Hours (all Addons will not necessarily be set up the same):

The screenshot displays the 'HR / Payroll - Setup - Payroll - Addons' window. It is divided into two main panes: 'Addons' on the left and 'Calculation and Other Information' on the right. The 'Addons' pane shows details for '1 - Addons' with fields for Addon Id (SUB TCH1), Description (Sub teacher days 1 - 5), Earnings Table (REGULAR (Regular)), Description on Check (Substitute Teacher), Group Code (S (Substitutes)), Date From (10/1/2015), and Date Through. Below this is '2 - Retirement Information' with various STRS and PERS contribution and rate settings. The 'Calculation and Other Information' pane shows '4 - Calculation' with fields for Sequence (50), Rate 1 Amount (0.0000), Rate 1 Option (D (Use daily rate)), Rate 2 Amount (1.0000), Rate 2 Option (L (Rate2Amt is locked from any change)), Rate 2 % ((Rate 2 represents just a simple factor to multiply)), Rate 2 Compound Pct (No), Units Amount (0.0000), Units Option (A (Automatic Adjustment will be generated)), Salary Schedule (TCHR SUB (Sub teacher rates)), Sched Cell (1/ 1 (\$130.00 Days 1 - 5)), Use Position (No), Dues Group, Days/Year (0.00), Hours/Day (7.00), Set Adjusted Rate (No), Use Adjusted Rate (No), Set Rate Option ((Does not affect the position pay rates)), Use Compound Rate (No), Use Rate Option (D (Existing payroll calculation)), Affect Position Pay (No), Affect Base Pay (No), Prorate on FTE (No). Below this is '5 - Other Addon Information' with fields for Print on Timesheet (No), Print On Contract (Yes), Include in Budget (No), Pay Cycle, Job Category, Job Class, Job Class Required (No), Affect ACA Hours (Yes), Number of ACA Hours (0.00), Affect Seniority (No), and Affect Leaves (No). The '6 - Active Months' section is partially visible at the bottom.

Figure 2

Monterey County District/College/Charter School

Escape Affordable Care Act (ACA) Preparation Checklist

Step Four – Verify All Medical Benefit Provider Groups

Review all current Benefit Provider (HR/Payroll – Setup – Benefits – Benefit Providers) for ACA setup (see Figures 3 and 4, next page)

- To begin, determine which Medical Benefit Provider and Level represent the Minimum Effective Coverage (MEC) for each group
 - This is the lowest cost plan offered to qualified employees (employee only) that meets the minimum coverage requirements (minimum 60% actuarial valuation)
 - May be the same Benefit Provider for all employees
 - May be different Benefit Providers for different groups of employees

- Review and Update Self-Insured settings
 - This is used for any benefit provider for which the self-insured settings must be different than what is defined for the organization overall
 - If district is majority MCSIG, and org is set to Self-Insured = Yes, then any Benefit Providers for CVT, CalPERS, or SISC must be set to Self-Insured = No
 - If district is majority CVT, CalPERS, or SISC, and org is set to Self-Insured = No, then MCSIG or any other self-insured provider must be set to Self-Insured = Yes

- Similar to Self-Insured, if Prepay Benefits is different for any Benefit Provider than what is defined for the organization overall, then specify it here

- Review all Medical Benefit Providers to ensure that the Benefit Group = MED
 - **This is required for ACA reporting to function correctly**
 - If any are not currently set for MED, notify MCOE via the help desk (helpescape@monterey.k12.ca.us) and specify which Benefit Provider(s) should have Benefit Group MED

When identifying which Benefit Provider Levels represent the Minimum Effective Coverage (MEC), note that different levels may be used for different groups of employees, as seen in this example. The MEC for each employee group is the organization's lowest-cost minimum effective employee-only coverage offered.

Figure 4

Monterey County District/College/Charter School

Escape Affordable Care Act (ACA) Preparation Checklist

Step Five – Set Up Bargaining Unit ACA Tabs

Each Bargaining Unit in Escape (HR/Payroll – Setup – Assignment – Bargaining Units) must have certain ACA information defined. One or more new bargaining unit records may need to be created, for ACA-specific purposes.

- To begin, review the list of bargaining units in Escape. For any employees who do not have an Escape position, determine if one of the bargaining units already listed will work for them – *for purposes of ACA settings only*
- If any employees will need to have ACA settings other than the ones that will be defined in the current bargaining units, new records can be created that will be used solely for the purpose of providing ACA information (*no position or payroll will be affected*)

Bargaining Unit ACA Defaults Tab – All Bargaining Units must have this tab defined for ACA reporting to function for the specified group (see Figure 5, next page).

- From date must be on or before 1/1/2015
- Thru date is optional (if defaults will not change, no end date needed)
- **MEC = Minimum Effective Coverage** – set Benefit Provider and Level as identified in Step Four; note MEC is for the employee-only level/tier
- **ACA Benefit Cap** is only needed if the employer contribution cap is not already factored into the benefit provider employer costs
- ACA Benefit Cap is for a *medical-only*, annual, hard cap on employer contributions (0.00 = No cap defined here)
- If unsure, check the Bargaining Unit Benefit Cap; if 0.00 there, then leave ACA Benefit Cap at 0.00
- **Offer of Coverage Default** is the base offer of coverage made to this group of employees
 - If coverage is offered to spouse and dependents, be sure to include that here
 - Note: MEC is used for the cost of employee-only benefits, while offer of coverage default could be employee plus family or employee plus spouse, etc.
 - See IRS guidelines on 1095 form preparation for more information
- **Safe Harbor Default** is the default method used to determine affordability of the minimum effective coverage that was offered; see IRS guidelines on affordability safe harbor and 1095 form preparation for more information
- **Coverage Waiting Period** is used to specify (in months) how long after the date of hire a new employee's medical benefits coverage begins; ACA allows for a waiting period of up to 2 months; if coverage is immediate, then enter 0

Monterey County District/College/Charter School

Escape Affordable Care Act (ACA) Preparation Checklist

- **Minimum ACA FTE** is used to specify at what FTE (if less than 1.0) eligibility for medical benefits is determined; for example, if employees qualify at 75% of full-time enter 0.75 here; this will ensure that all qualified and covered employees receive a 1095

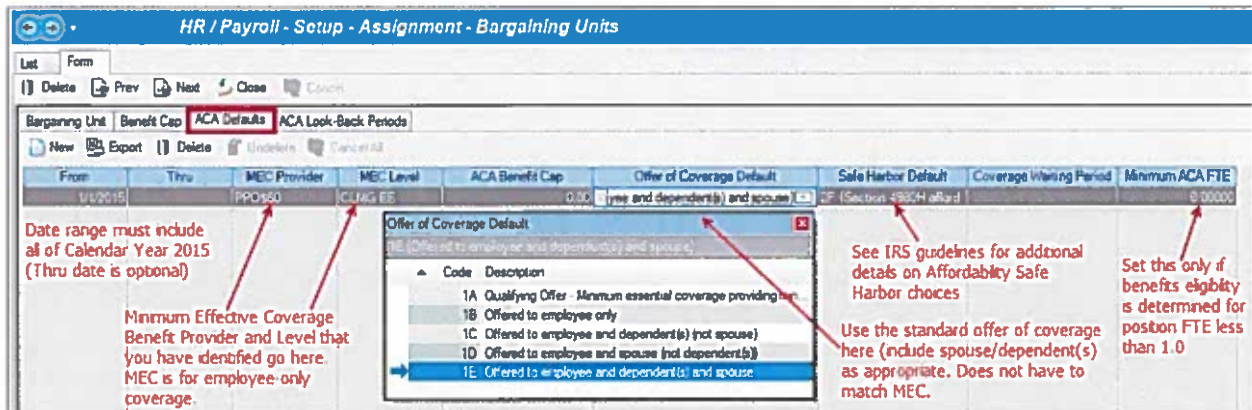

Figure 5

Bargaining Unit ACA Look-Back Periods – Any Bargaining Unit that will utilize the Look-Back Measurement Method for determining medical benefit eligibility under ACA must have the Look-Back period defined here (see Figure 6). Escape defaults to the Monthly Measurement Method. If the Monthly Measurement Method will be used for any Bargaining Unit, then this tab can be left blank.

- Records must be contiguous
- Earliest Look-Back period must correspond to one or more Stability Periods including all of calendar year 2015
- Define the Measurement Start, Measurement Months, and Admin Months (administrative months are optional)
- Stability Start and Stability End will calculate automatically

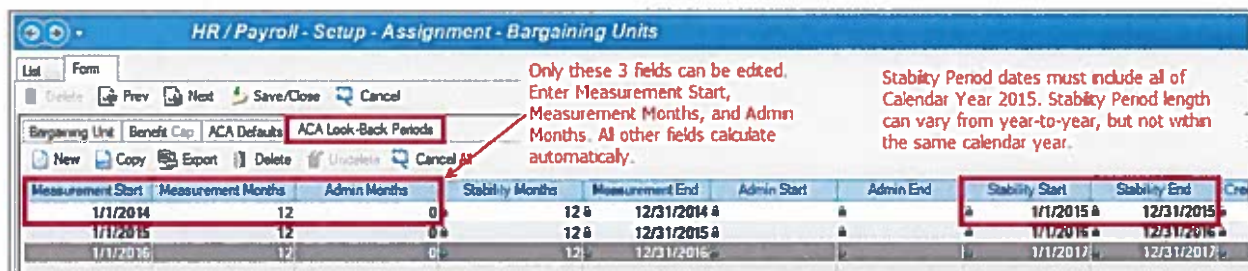

Figure 6

Monterey County District/College/Charter School

Escape Affordable Care Act (ACA) Preparation Checklist

Step Six – Verify Employee Records in Employee Management

Escape Employee records (HR/Payroll – Employment – Employee Management) must be set up correctly for medical coverage, dependents (if self-insured), and ACA overrides (if needed) in order for ACA reporting to work correctly (see Figure 7, next page).

- To begin, review the Benefit Providers tab for all covered employees
 - Covered employees must have a Benefit Provider here that is set up with the MED Benefit Group (as defined in Step Four)
 - Employees who qualify for benefits and opt out, must have the Benefit Provider OPT (or any other Benefit Provider that is set up with the OPT Benefit Group)
 - Benefit Provider records sometimes have their begin and end dates locked because of payroll; use Coverage Begin Date and Coverage End Date as overrides
 - Coverage Begin and End Dates are also used to show actual coverage dates for prepaid benefits
- If self-insured (MCSIG, Monterey Bay Public Employees Trust, etc.), then review the Dependents tab for all covered individuals
 - Double-check listed dependents
 - If dependent is covered by employee medical benefits, then Medical must be set to Yes
 - **Note for MCSIG districts:** We are preparing a large mass import of all MCSIG dependents into Escape; during December 2015 we will contact all districts to review the imported data in Test; we will allow approximately one week for review before loading the data into Production
- If an employee is eligible for benefits under ACA, but does not have any assignments, they will not have a bargaining unit from which to generate the ACA Defaults
 - Section 9 on the Employment tab has a field for ACA Bargaining Unit
 - For any non-position employees who qualify for benefits, set the bargaining unit that will be used for their ACA Defaults here
 - For any employee whose ACA Defaults will be different from those specified by their position bargaining unit, this field can be used as an override

Monterey County District/College/Charter School

Escape Affordable Care Act (ACA) Preparation Checklist

The screenshot shows the 'HR / Payroll - Employment - Employee Management' application. At the top, it displays '- Status: A' and 'Type: 2 (Classified) - Pay Cycle: CL12 - Ret: PERS-Pre 2013 (Member) - FTE: 1.00000'. Below this, there are tabs for 'Employment', 'Benefit Providers: 7', and 'Dependents: 1'. The 'Benefit Providers' and 'Dependents' tabs are highlighted with red boxes. A red arrow points from the 'Benefit Providers' tab to a text box on the left. Another red arrow points from the 'Dependents' tab to the same text box. A third red arrow points from the 'ACA Bargaining Unit' field in the 'Employment Information' section to a dropdown menu on the right. The dropdown menu is titled 'ACA Bargaining Unit' and contains a list of codes and descriptions.

CEHS	Certificated Head Start
CEMG	Certificated Management
CEMH	Certificated Management Head Start
CERT	Certificated
CLAS	Classified
CLHS	Classified Head Start
CLMG	Classified Management
CLMH	Classified Management Head Start
CONF	Confidential
SMGT	Senior Management
SUPT	Superintendent of Schools

Review Benefit Providers for all covered employees, and all employees who opted out of the medical coverage offered. Review Dependents to ensure that all covered dependents have SSN, Name, and Medical = Yes. (Note: MCSIG dependent records are planned to be imported into Escape during December 2015)

Any bargaining unit in the organization's setup can be used for ACA Bargaining Unit. What is defined here will be used for ACA purposes only, and will not have any effect on payroll, positions, etc.

Figure 7

Monterey County District/College/Charter School

Escape Affordable Care Act (ACA) Preparation Checklist

Step Seven – Start the Review Process

After setup and employee records have been reviewed, the ACA activity (HR/Payroll – Processes – Tax Reporting – Employee ACA) will begin showing the data that is to print on the IRS 1095 and 1094 forms. Each employee can be reviewed, verified, and edited.

Note: This activity was updated significantly in Escape Version 15.03. Contact the help desk (helpescape@monterey.k12.ca.us) with any questions about current Escape version.

- Use Search to identify specific employees or groups, if desired
- Hit Go to begin reviewing the List
- From the List view, certain basic key pieces of information can be seen (see Figure 8)
- Open any employee line to view the details

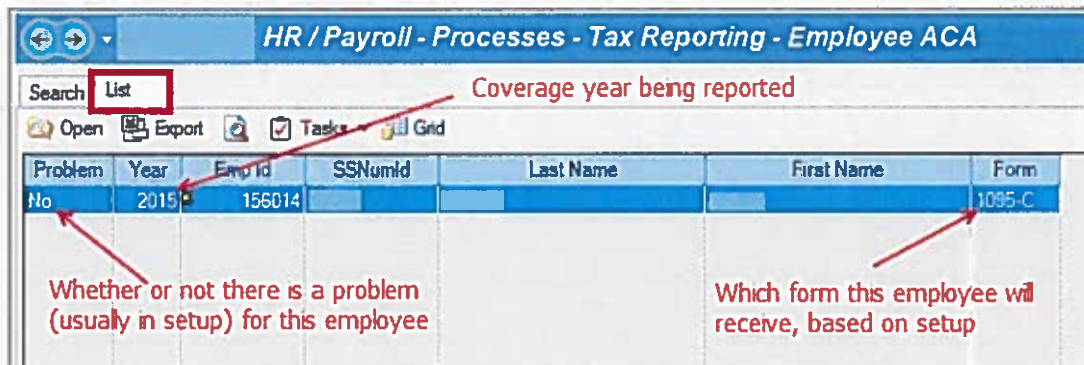

Figure 8

- Review Covered Individuals (self-insured only, should list all dependents covered for medical benefits, based on Employee Management Dependents tab (as in Step Six)
- Review Offer of Coverage tab
 - Full Time is based on position FTE and/or Average Hours/Month from Addons
 - Offer and Emp Share are taken from the Bargaining Unit ACA Defaults Tab
 - Safe Harbor is based on individual Employee setup if they are enrolled or opted out; will use Safe Harbor defined in the Bargaining Unit ACA Defaults otherwise
 - Each of these can be set with an override for any month

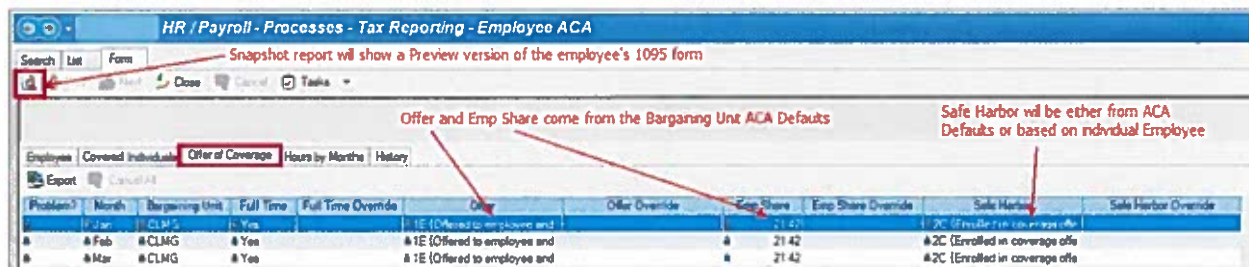

Figure 9

Monterey County District/College/Charter School

Escape Affordable Care Act (ACA) Preparation Checklist

Step Seven – Start the Review Process (continued)

- Review Hours by Months tab
 - This tab is primarily important for employees who did not qualify for medical benefits during one or more months because of their average hours/month
 - For employees with positions, this will be their position average hours/month
 - For employees paid with addons, the addon setup (as detailed in Step Two) determines whether or not and how many hours are included in the total for each month
 - Each month has an available override for number of hours worked that month
- Save/Close after changes in Employee ACA for override fields
- **Note:** overrides entered will never be changed when this activity is re-loaded, even if the setup records are changed
- Use the snapshot report to view a Preview of the employee’s 1095 form (Figure 10)
