Ability Awareness

By Request

To request this workshop, send an email message to the contact person identified below.

This ability awareness workshop provides simulation experiences for staff members that work with students with special needs. Simulations of autism, learning disabilities, cognitive impairments, vision impairments, hearing impairments, and orthopedic disabilities are incorporated.

Presenter(s): Patti Bangs, M.S., CCC-SLP/L/L and Val Wiltse, M.A., Program Specialists,
Monterey County SELPA
Participants: Students in grades 1 through 12, school staff and parents
Time: The length of this presentation varies according to district needs
Contact: selpa@montereycoe.org
