

It's Happening in South County
Principal John Ryan

Principal's Corner:

It is a busy time of year for South County programs. The weather is wonderful and teachers are planning exciting and educational events through the area.

Besides the usual classroom learning, students will have more community trips to the library, police and fire stations, and local stores and restaurants. The interactions between our students and these people is helping everyone discover what a community truly is.

Principal's Corner

From the classroom of:
Saramae Cutts, Chalone Peaks

We would like to welcome Saramae Cutts to her new assignment at Chalone Peaks Middle School. Saramae has jumped right in and is helping students make progress already.

Congratulations to David Gaboni who is receiving the Monterey County award as the Classified Employee of the Year. His name will be submitted to the state where he will be in the running for the state award. Good luck, David!

Upcoming Calendar of Breaks, Events, & Testing

May 15, 2015

The King City Fair and the King City Rotary will host our students. If the past is any indication, students and staff will be exploring the animal barns, midway attractions, and many food wagons. Deep fried Twinkies and Oreos should again be popular with all. We will also be viewing our work in the student display building. Lunch is provided by the food wagons and the students will watch a midway show while they eat.

May 22, 2015

The following week, our Field Day is ready to go. It will take place at King City High School. Patty Johnston and Janet Lewis, Adapted PE Specialists, have worked diligently to ensure a good time will be had by all. After the Field Day events, we will be hosting a barbecue for parents and students at Gabilan School. This interaction between staff and parents promotes positive understanding of our students and helps us deal with continuing to help us work together to provide the best education for all.
